by the Corporate Management Team.

3. SUMMARY OF KEY ISSUES

The attached Report on Local Delivery Plan Standards is drawn from the electronic Integrated Corporate Performance Report (ICPR), and is a PDF extract taken on 21st March 2017. Annex 1 comprises a note of assurance of governance for those Standards that are rated as 'red' or 'amber'. These ratings are as defined in the report to the Planning, Performance and Resources Committee of 28th September 2016, and included in the ICPR dashboard. They have been repeated in Annex 1 for ease of reference.

The following points should be noted in relation to the attached report:

- The report presents quarterly data available at time of writing and as published in the ICPR. This is the ISD validated, published data and is thus in arrears. The Quarter 3 report comprises data published up to the end of December 2016. Further updates can be provided verbally at the NHS Board meeting;
- The Planning, Performance and Resources Committee (PP&RC) has full access to the entire ICPR comprising 105 KPIs, including these LDP

Standards, and also receives an Exceptions Report comprising those KPIs rated 'red' or 'amber' with narrative against each provided by its lead Executive Director;

- This extract seeks to provide summary information on performance against LDP Standards, and assurance of the role of PP&RC and other Governance Committees in undertaking appropriate scrutiny of these as part of the wider ICPR and its associated Exceptions Report.

Sustainability	<input type="checkbox"/>				

The Local Delivery Plan (LDP) is the agreed annual contract with Scottish Government, for delivery by NHS Lanarkshire. Our Corporate Objectives flow from this each year.

This Quarterly LDP Report (QLDPR) is the sole means of reporting against all LDP Standards in a single report to the Board. It has been developed over the years to take account of annual LDP changes, and in response both to local feedback and to Audit recommendations. Following the introduction of a Planning, Performance and Resources Committee in 2015/16, a new online dashboard (ICPR) replaced the QLDPR. Further review and an Internal Audit Report during 2015/16 resulted in re-instatement of this QLDPR as a quarterly Board report from March 2016.

For LDP Standards, it highlights variation by means of a traffic light system with agreed parameters for triggering levels for each KPI, and provides a rolling view of current plus 4 previous quarters' performance.
