by the Corporate Management Team on 18th March 2019.

3. SUMMARY OF KEY ISSUES

Corporate Objectives are prepared each year and set out the key priorities and areas for delivery that will be cascaded into personal and team objectives across the organisation.

Appendix 1 sets out the Lanarkshire Quality Approach, performance management arrangements, NHS Lanarkshire's Values, and then, grouped under 5 headings, lists the individual objectives with named lead Executive Directors.

Appendix 2 provides a summary of NHS Lanarkshire's Strategy Map for Delivery of the Annual Operational Plan 2019/20.

Progress against Corporate Objectives is monitored twice yearly, at mid-year and at year end. Progress reports are submitted to the Planning, Performance & Resources Committee each November (mid-year) and June (full year).

Following approval by the Board, a high level summary of our approach to Corporate Objectives 2019/20 will be placed on our public website with a link to the full document.

6. MEASURES FOR IMPROVEMENT

Measures for improvement are set out in detail in the individual personal objectives that cascade from these Corporate Objectives.

7. FINANCIAL IMPLICATIONS

The Financial Plan for 2019/20 is submitted separately to the NHS Board and to Scottish Government and confirms the Board's commitment to deliver financial balance for the year, including the delivery of a challenging Efficiency Savings Programme. Achieving financial balance and efficiency savings are reflected as a Corporate Objective.

8. RISK ASSESSMENT/MANAGEMENT IMPLICATIONS

The risk in relation to the delivery of the Corporate Objectives in a resource-constrained environment will be managed and mitigated through the maintenance of robust systems of performance management and reporting at operational, corporate, Governance Committee and NHS Board level.

The risk around delivering financial balance is included in the Corporate Risk Register, and will be maintained under regular review as the business year progresses. Individual efficiency savings schemes are subject to Service Impact Risk Assessment, with a particular focus on those assessed as High risk.
