ID	Opened Date	Corporate Objectives	Title	Description of Risk	Risk level Initial	Mitigating Controls	Risk level Current	Risk level Tolerance	Review Date	Risk Owner	Assurance Committee
1450	14/11/2016	Safe	Ability to Maintain Existing GM Services in Current Format Across NHSL Specifically Since Placed on Emergency Footing.	There is an increased risk that there is insufficient GP capacity to enable sustainable delivery of general medical practice across NHSL resulting from a range of changes, but in particular since 18th March, being placed on emergency footing to respond to the COVID-19.	Very High	Controls <input type="checkbox"/> 1. Reconfiguration of service to maintain response to COVID-19' and recovery of GP services including: <input type="checkbox"/> Community Assessment Centres <input type="checkbox"/> Video/Telephone Consultations with an increased capability for use of 'Near-Me' <input type="checkbox"/> 2. Review and recovery of the Primary Care Implementation Plan in view of the current response, management of 2nd wave of Covid-19 pandemic and imminent winter pressures <input type="checkbox"/> <input type="checkbox"/>	Very High	High	29/01/2021	H Knox	Population Health Primary and Community Care Committee NHSL Board in Interim
1587	13/12/2017	Safe	Sustainability of the 2 Site Model for OOH Service	There is a risk that the 2 site model of delivery of an Out of Hours (OOH) service cannot be sustained resulting from national and local disengagement of salaried and session GMPs which has been exacerbated by the current COVID pandemic.	Very High	In continuing to respond to Covid-19, community assessment centres are being retained impacting on the ability to maintain 2 site OOH model with the following being retained or recovered: <input type="checkbox"/> 1. BCP in place with planned redirection to A&E. <input type="checkbox"/> 2. OOH report on anticipated weekend activity and staffing at CMT weekly. Exception reporting against this in place. <input type="checkbox"/> 3. OOH performance monitoring and reporting <input type="checkbox"/> 4. Improved triaging jointly with NHS 24 <input type="checkbox"/> 5. Recovery to 2 site model as and when staffing allows <input type="checkbox"/> 6. Full project plan that includes workforce planning <input type="checkbox"/> 7. Recruitment of salaried GP's <input type="checkbox"/> 8. Increase number of ANP's <input type="checkbox"/> 9. Communication & engagement strategy <input type="checkbox"/> <input type="checkbox"/> Actions <input type="checkbox"/> 1. Progression of convergence of urgent care and OOH care aligning to national model <input type="checkbox"/> 2. Dialogue with acute clinicians to support upstream OOH service <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	Very High	High	29/01/2021	V DeSouza	Population Health Primary and Community Care Committee NHSL Board in Interim

CORPORATE RISK REGISTER JANUARY 2020

Risk Register Lead: Mrs H Knox, Chief Executive

ID	Opened Date	Corporate Objectives	Title	Description of Risk	Risk level Initial	Mitigating Controls	Risk level Current	Risk level Tolerance	Review Date	Risk Owner	Assurance Committee
1661	12/07/2018	Safe	European Union Exit (Brexit) Impact on NHSL	Brexit presents a level of risk that is not containable by NHS Lanarkshire alone, especially in areas where there is limited detail regarding change and impact over the workforce and a range of broader product, access and legislation issues with the potential to adversely disrupt continuity of delivery of healthcare services across NHSL.	High	Control <input type="checkbox"/> 1. Early preparatory work as directed by, and with SG completed throughout 2019 with full assessment of level of preparedness reported to SG in September 2019 <input type="checkbox"/> 2. Co-ordinated issue and risk process local to NHSL and for reporting to Scottish Government <input type="checkbox"/> 3. Maintenance of live incident status but in suspension with updating of the EU Withdrawal Command & Control with webpage updating during transition period <input type="checkbox"/> 4. Maintenance of Brexit risk register though CMT during transition period <input type="checkbox"/> 5. Resilience workshop in September 2020 <input type="checkbox"/> 6. Preparedness around the planning assumptions of 'Yellowhammer' continue <input type="checkbox"/> 7. Ongoing review at national level throughout 2020 identifying 3 key areas: workforce, legislative & logistics/supplies <input type="checkbox"/> 8. Work through SG mitigating the potential for disruption in these 3 key areas <input type="checkbox"/> 9. Move back into 'live' strategic command for EU Withdrawal effective from November 2020 <input type="checkbox"/> <input type="checkbox"/> Actions <input type="checkbox"/> 1. Horizon scanning on progress of trade deal negotiations, outcomes and potential impact, including potential for societal unrest <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	Very High	High	31/01/2021	H Knox	Planning Performane and Resource Committee NHSL Board in Interim
285	01/04/2008	Effective	Standing risk that external factors may adversely affect NHSL financial balance	There is a risk that external factors may adversely influence NHSL's ability to sustain recurring financial balance (eg superannuation and national insurance and other legislative changes and pay awards), but increasingly new high cost drugs will require to be managed on a rolling basis through horizon scanning. For 2020/21 the COVID 19 pandemic will have a significant impact on the NHS's expenditure though there will be Government funding	High	Controls after March 2020 remain but will continue at a slower pace and with greater uncertainty. A process for capturing expenditure implication of Covid is in place with an expectation of SG funding. <input type="checkbox"/> 1. Regular Horizon Scanning <input type="checkbox"/> 2. Financial Planning & Financial Management <input type="checkbox"/> 3. Routine Engagement with external parties: <input type="checkbox"/> Regional planning <input type="checkbox"/> Scottish Government <input type="checkbox"/> Networking with other Health Boards <input type="checkbox"/> 4. Re-assessment of key risk areas e.g. drugs, superannuation modelling and boundary flow costs. <input type="checkbox"/> Action <input type="checkbox"/> 1. Continuous financial submissions to SG. <input type="checkbox"/>	Very High	High	29/01/2021	L Ace	Planning Performane and Resource Committee NHSL Board in Interim

Risk Register Lead: Mrs H Knox, Chief Executive

ID	Opened Date	Corporate Objectives	Title	Description of Risk	Risk level Initial	Mitigating Controls	Risk level Current	Risk level Tolerance	Review Date	Risk Owner	Assurance Committee
1815	14/08/2019	Effective	Ability of NHS Lanarkshire to realise the required savings within year 2020/21 and deliver a balanced budget	There is a significant risk that NHS Lanarkshire will be unable to realise the required savings for year 2020/21 and deliver a balanced budget resulting from the initial identified gap to be filled by efficiency which been exacerbated by having to suspend all programmes requiring heavy service input to allow staff to concentrate on the covid 19 .	Very High	Mitigating controls in place post initial phase of covid-19 <input type="checkbox"/> 1.Resume progress with sustainability plans and savings programme as far as is possible to do so whilst meeting priorities arising through second wave of Covid <input type="checkbox"/> 2.Continue with intelligence gathering and scenario planning <input type="checkbox"/> 3.Resume dedication CMT financial meetings <input type="checkbox"/> 4.Finance framework developed for redesign and recovery <input type="checkbox"/> Actions <input type="checkbox"/> 1.Recovery of the CE Scrutiny Meetings and Sustainability Plans. <input type="checkbox"/> 2.COVID expenditure and funding will be built into 2020/21 plan once known. <input type="checkbox"/> <input type="checkbox"/>	Very High	Very High	29/01/2021	L Ace	Planning Performane and Resource Committee NHSL Board in Interim
1871	30/03/2020	Effective	Recovery of Performance 2020 - 2021	There is a risk that NHSL will be unable to recover performance during the year re delivery of services resulting from significant change to existing service delivery in response to the COVID-19 pandemic and being placed on emergency footing by the SG as invoked through Section 1 and Section 78 of the National Health Service (Scotland) Act 1978. This will significantly impact on the strategic direction, outcomes and performance for 2020/21.	Very High	Controls <input type="checkbox"/> 1. Work within the prioritised instructions set out by the SG whilst on emergency footing. <input type="checkbox"/> 2. Work within the NHSL strategic command and CMT planning, including mobilisation plan <input type="checkbox"/> 3. Chief Executive Performance Reviews resumed from June 2020. <input type="checkbox"/> 4. Performance plan for August 2020 - March 2021 with remobilisation plan submitted to Scottish Government, followed by detailed discussion on what is achievable and tolerable <input type="checkbox"/> Action <input type="checkbox"/> 1. Awaiting SG adjusted performance targets, guidance expected around 26th November <input type="checkbox"/>	Very High	High	31/01/2021	C Lauder	Planning Performane and Resource Committee NHSL Board in Interim

ID	Opened Date	Corporate Objectives	Title	Description of Risk	Risk level Initial	Mitigating Controls	Risk level Current	Risk level Tolerance	Review Date	Risk Owner	Assurance Committee
1882	28/04/2020	Effective	Acute Sector Bed Capacity	There is a risk that there could be significant impact on the availability of acute beds due to shifting requirements for onwards movement of patients 'fit for transfer' to care homes (14 days isolation and 2 -ve tests pre transfer), protection of those shielded or at risk and are inpatients within acute wards and the number of care homes that are in outbreak situation and closed to admissions. In the month of December this position has been exacerbated by the closure of wards in UHW due to high numbers of Covid-19 / outbreaks of infection. This has the potential to impact on continuing recovery of services, ability to meet the 'routine' demand, winter demand and the anticipated higher demand required for response to both Covid-19 and patients that are within the waiting times for diagnostics and/or treatment.	High	Controls <input type="checkbox"/> 1. Continuous monitoring and oversight of delayed discharges <input type="checkbox"/> 2. NHSL support to care homes through liaison service, including infection control / outbreak advice & support, access to staff banks <input type="checkbox"/> 3. Cohorting of 'shielded' patients and review of cohorting of patients awaiting testing results <input type="checkbox"/> 4. Testing for Care Home residents and Staff <input type="checkbox"/> 5. Udston as a step down care hospital <input type="checkbox"/> 6. Implementation of Planned date of Discharge initiative <input type="checkbox"/> 7. Current option appraisal for maintaining delivery of services in NHSL <input type="checkbox"/> <input type="checkbox"/> Action <input type="checkbox"/> 1. Conclude on preferred option for maintaining services and implement <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	Very High	Medium	29/01/2021	J Park	Population Health Primary and Community Care Committee NHSL Board in Interim
1912	11/06/2020	Person Centred	Potential for Increase in Number of Complaints	There is the potential for an increase in the number of complaints received as a consequence of an expectation that services will return to normal capacity which will currently not be possible. <input type="checkbox"/> There is a risk that the standards for response may not be met if demand exceeds capacity. <input type="checkbox"/>	High	Controls: <input type="checkbox"/> 1. Maintain existing systems for the management of complaints <input type="checkbox"/> 2. Continuous monitoring of changes in number and/or types of complaints	High	Medium	31/01/2021	E Docherty	Healthcare Quality Assurance and Improvement Committee
1919	25/06/2020	Safe	Safety Risk if ED Attendances Continue to Increase	There is a risk of increased Covid exposure for patients attending ED if the attendances continue to increase, impacting on the safety and risk of infection to all those attending. There is a dependency on the functioning of the Community Assessment Centres to reduce the attendance at ED.	High	Controls <input type="checkbox"/> 1. Maintaining primary care hubs, assessment centres, near me and care at home to minimise attendance to essential attendance only <input type="checkbox"/> 2. Hot and cold zoning within Emergency Departments <input type="checkbox"/> 3. Whole system planning and implementation of new Community Assessment Centres (CAC's) <input type="checkbox"/> 4. Shoring up of ED staff <input type="checkbox"/> <input type="checkbox"/> Actions <input type="checkbox"/> 1. National and local redesign of urgent care <input type="checkbox"/> <input type="checkbox"/>	High	Medium	29/01/2021	J Park	Planning Performance and Resource Committee

NHS LANARKSHIRE
CORPORATE RISK REGISTER JANUARY 2020

Risk Register Lead: Mrs H Knox, Chief Executive

ID	Opened Date	Corporate Objectives	Title	Description of Risk	Risk level Initial	Mitigating Controls	Risk level Current	Risk level Tolerance	Review Date	Risk Owner	Assurance Committee
1904	18/05/2020	Safe	Impact on Board of NHSL & Executive Nurse Director Role In Response to Changes by SG	There is a risk that there is a lack of clarity regarding the recent change of accountability, role and function of the Board of NHSL, specifically Executive Nurse Director, for Care Homes and Care At Home resulting from the continuing impact from Covid-19. This has the potential to adversely impact on cost pressures, professional infrastructure, governance and assurance processes and ultimately the reputation of NHSL.	High	Controls <input type="checkbox"/> 1. Enhanced Care Home Liaison Team <input type="checkbox"/> 2. Infection Prevention & Control Advisory Support <input type="checkbox"/> 3. Approved Indemnity <input type="checkbox"/> 4. Discussions on single assurance system with Chief Executives of NHSL, NLC&SLC <input type="checkbox"/> 5. Clarity on responsibility and accountability sought and agreed through SG & Chief Nurse Directorate <input type="checkbox"/> 6. Mapping of impact and requirements completed <input type="checkbox"/> 7. Proposals approved for reviewed professional infrastructure with funding secured until November 2020. <input type="checkbox"/> 8. Continuous monitoring through the Covid -19 Tactical Care Assurance Group <input type="checkbox"/> <input type="checkbox"/> Actions <input type="checkbox"/> 1. Discussions with SG to confirm additional funding through to the new extended period of support until June 2021 as emergency footing continues. <input type="checkbox"/>	High	High	31/01/2021	E Docherty	Healthcare Quality Assurance and Improvement Committee
1946	25/09/2020	Effective	Maintaining Organisation Resilience	There is a risk that the overall resilience of NHSL could be compromised due to the potential for a number of events to occur at the same time moving into the acute winter period with winter pressures; delivery of the influenza vaccination programme; impact from continuing to respond to and recover from Covid-19 pandemic; adverse weather and the uncertain impact from Brexit, affecting ability to maintain the full range of services throughout the forthcoming 6-8 months.	High	1. Resilience & site/area business continuity planning <input type="checkbox"/> 2. Resilience workshop held on 7th September <input type="checkbox"/> 3. Redesign of Urgent Care Nationally and Locally, including Community Assessment Centres <input type="checkbox"/> 4. Early preparation for patient and staff influenza vaccination programme's commencing September 2020 <input type="checkbox"/> 5. Investment for recruitment to Test & Protect & Public Health Teams <input type="checkbox"/> 6. Planning assumptions from Yellowhammer (Brexit) <input type="checkbox"/> 7. Winter Plan 2020/21 <input type="checkbox"/> 8. Major Incident Planning with Protocols <input type="checkbox"/> 9. Invoking Strategic Command and aligning with current command structures <input type="checkbox"/> 10. Review of performance targets with SG <input type="checkbox"/> 11. Programme for staff wellbeing <input type="checkbox"/>	High	Medium	31/01/2021	H Knox	Board
1969	25/11/2020	Safe	Delivery of the Covid19 Vaccination	There is a risk that NHSL will not be enabled to effectively and timeously deliver the Covid-19 vaccination programme as expected because of the logistics around the stability of the vaccine, licence issues, priority matrix for cohorts of those to be vaccinated and the immediacy of beginning the vaccination programme with the potential to result in a continuously changing environment & adverse public perception resulting in a reputation risk for NHSL.	Very High	1. National priority framework <input type="checkbox"/> 2. Local Planning process <input type="checkbox"/> 3. Professional oversight group <input type="checkbox"/> 4. Covid Tactical command group <input type="checkbox"/> 5. Communication Plan <input type="checkbox"/> 6. Continuous briefings to Board	High	Medium	26/02/2021	J Burns	Population Health Primary and Community Care Committee NHSL Board in Interim

1364	09/11/2015	Safe	Risk of cyber-attack in respect of stored NHSL data	There is an increased risk of opportunistic malicious intrusion into data stored on NHSL digital systems resulting from diversion of resources to respond to the COVID-19 pandemic that could be exploited to cause maximum disruption and/or theft of data, with the potential for NHSL to have significant service disruption and impact adversely on the organisational reputation.	High	<p>Controls</p> <ol style="list-style-type: none"> 1. Implementation of Software Patches to address known vulnerabilities as part of an overall action plan, moving towards a centralised patching solution for NHS Scotland 2. Anti-virus has been successfully deployed across our Infrastructure. All of the advanced features have been enabled in areas with the exception of General Practice where the product is configured in standard mode. This work is complete. Continue to undertake monthly reviews with our security provider to ensure the products are fine-tuned and our staff are fully trained. 3. The firewall changes at UHH were implemented 4. eHealth have recently completed the Pre-assessment exercise for Cyber Essentials Plus Accreditation and are in the process of developing a detailed action plan based on the highlighted outcomes. This work will then be allocated to individuals within eHealth and progress against actions formally tracked. 5. Implementation of a local action plan to address the findings and recommendations recorded through the completed Significant Adverse Event Review (SAER), approve action plan through CMT and implementation overseen through the eHealth Executive Group 6. Alignment of action plans from all the identified controls with risk assessment through the national cyber resilience framework and current workstreams. 7. Higher vigilance and continuous briefing on minimising malicious cyber-attack during COVID-19 response and recovery phase 8. Penetration testing with third party specialist contract completed with action plan 9. New cyber security sub group reporting to IG Committee set up and will oversee penetration action plan and the cyber essentials assessments and programme of work 10. Audit by competent authority for NIS with 90% compliance. 	High	Low	26/02/2021	D Wilson	Healthcare Quality Assurance and Improvement Committee

1379	14/12/2015	Effective	Delayed Discharge Performance and Impact	There is a collective risk that NHSL will not achieve the expected national performance for delayed discharges, resulting from a range of issues, including the undertaking of Community Care Assessments, provision of homecare packages, care home placements, AWI and internal hospital issues eg pharmacy delays. This has the potential to adversely impact on patient outcomes, loss of acute beds, waiting times, treatment time guarantee, hospital flow and reputation of the service providers. Effective from the 18th March the NHS is on emergency footing with an accelerated plan to improve delayed discharge set out through the mobilisation plan.	High	Controls - <input type="checkbox"/> 1.CMT have continuous oversight of performance, reasons for delays and discuss action <input type="checkbox"/> 2.Planned Date of Discharge rolled out across whole Hairmyres site <input type="checkbox"/> 3.Pan-Lanarkshire PDD implementation group now in place <input type="checkbox"/> 4.Weekly site PDD implementation groups in place involving both acute and partnership staff <input type="checkbox"/> 5.PDDs now in place in wards 9 and 10 in Wishaw, with roll out plans to expand to the rest of the site <input type="checkbox"/> 6.PDDs now in place in ward 20 in Monklands, with roll out plans to expand to the rest of the site <input type="checkbox"/> 7.Both partnerships have now established daily operational calls to review every delay and ensure progress towards the agreed discharge date <input type="checkbox"/> 8.Winter plan for 2020/2021 is based on a whole system basis <input type="checkbox"/> Action <input type="checkbox"/> 1 Monitoring though CMT and CE Quarterly Performance Reviews <input type="checkbox"/>	Medium	Medium	29/01/2021	H Knox	Population Health Primary and Community Care Committee NHSL Board in Interim

1960	10/11/2020	Effective	Reputational Harm From Issues Incurred in Delivery of the Influenza Vaccination Programme	There is a risk of reputational harm to NHSL with regards to the delivery of the 2020 influenza vaccination programme. This results from a range of factors including errors and delays in the SIRS recall system and the requirement to deliver from alternative premises where travel is required for many people, leading to a higher number of enquiries / complaints / elected member queries and dissatisfaction from the general population and staff.	High	1. Full communication plan pre vaccination programme to provide information to the general population on the changes to influenza vaccine, promoting the need for vaccination and how this would be delivered and what to expect in terms of letters and recall. <input type="checkbox"/> 2. Subsequent to the issues, the following has been set -up: <input type="checkbox"/> Briefing for elected members with a FAQ to share with constituents <input type="checkbox"/> Communication on position through local media / press <input type="checkbox"/> Increase to the number of call handlers for the helpline <input type="checkbox"/> Dedicated email address for queries that is monitored and managed <input type="checkbox"/> Updated messages issued on social media-including infographics and videos. <input type="checkbox"/>	Medium	Medium	31/01/2021	C Brown	Board
1905	21/05/2020	Safe	Change in the Scottish Fire & Rescue Service Response	There is a risk to NHSL staff, visitors and patients in the event of a fire due to change in the SFRS SOP from 6/5/2020. The response to automatic fire alarm activations at non-sleeping premises will be a single fire engine unless activation is accompanied by a 999 call confirming there is a fire.	High	Controls <input type="checkbox"/> 1. Risk cannot be mitigated as fire evacuation procedures cannot require staff to remain in premises once the fire alarm has been activated. <input type="checkbox"/> 2. NHSL Fire Policy with SOP updated to reflect the changed position across Scotland. <input type="checkbox"/>	Medium	Medium	31/01/2021	C Lauder	Planning Performane and Resource Committee NHSL Board in Interim
1911	10/06/2020	Effective	Potential For Increased Claims Post Covid-19	There is a risk that there will be an increase in claims lodged post Covid-19 with the potential to adversely impact on the CNORIS premium.	Medium	Controls: <input type="checkbox"/> 1. Maintain current claims systems <input type="checkbox"/> 2. Monitor over a longer period of time to identify increase in numbers and types of claims	Medium	Medium	31/01/2021	P Cannon	Board
