

Statistical Appendix

List of tables

- A1 **Sociodemographic summary:** by locality/HSCP
- A2 **Estimated population:** by age group and locality/HSCP
- A3 **Projected population:** by age group and sex
- A4 **Births:** by year
- A5 **Births, perinatal deaths, neonatal deaths and infant deaths:** by HSCP
- A6 **Deaths from all causes:** by sex, age group and year
- A7 **Deaths from all causes:** by sex, age group and locality/HSCP
- A8 **Deaths from malignant neoplasms:** by sex, age group and year
- A9 **Deaths from coronary heart disease:** by sex, age group and year
- A10 **Deaths from cerebrovascular disease:** by sex, age group and year
- A11 **Deaths from respiratory disease:** by sex, age group and year
- A12 **Expectation of life:** by age and sex; trend by sex
- A13 **Cancer registrations:** by sex, age group and year
- A14 **Cancer registrations:** by year and site; standardised ratios by sex, age group and site
- A15 **Cancer registrations:** by locality/HSCP and site
- A16 **Notifiable diseases – clinically notified cases:** by year
- A17 **Dental registrations and participation. Dental health of children:** by Lanarkshire
- A18 **Primary and booster immunisation uptake rates:** by locality/HSCP

General notes

- Lanarkshire has two Health and Social Care Partnerships (HSCPs) – North Lanarkshire and South Lanarkshire. The HSCPs cover the same geographical areas as North Lanarkshire Council and South Lanarkshire Council. There are ten localities within the HSCPs – six in North Lanarkshire (*Airdrie, Coatbridge, North, Bellshill, Motherwell and Wishaw*) and four in South Lanarkshire (*Cambuslang/Rutherglen, East Kilbride, Clydesdale and Hamilton*) – see map on page 2. On 1 April 2014, changes to NHS board boundaries resulted in NHS Lanarkshire becoming coterminous with the HSCPs and local authorities. The tables in the Statistical Appendix indicate whether information relates to the old or new NHS Lanarkshire boundary, the exception being where all data relate to April 2014 onwards. On 1 April 2019, changes to the Lanarkshire and Greater Glasgow and Clyde boundary at Cardowan by Steps resulted in the following postcodes now being part of North Lanarkshire and NHS Lanarkshire - G33 6GZ, G33 6GX, G33 6GS, G33 6GY, G33 6GW, G33 6GT, G33 6GU, G33 6NS.
- Populations shown and used in rates calculations are, for NHS Lanarkshire, the HSCPs and Scotland, mid-year estimates produced by National Records of Scotland (NRS). Locality populations are from NRS small area population estimates at data zone level.

1 The 15% most deprived data zones in Scotland are from the Scottish Index of Multiple Deprivation (SIMD) 2020 version 2.

2 Populations are mid-2021 small area population estimates (SAPE) from NRS.

3 Scotland housing tenure figures are as at 2020.

4 The claimant count represents those claiming Job Seekers Allowance and Universal Credit (UC) who are required to work. Under UC, more people are identified as unemployed and required to look for work including some who previously claimed Child Tax Credit or Housing Benefit and also generally partners of claimants.

5 Numbers of claimants are rounded to the nearest 5.

6 Numbers of claimants as a percentage of the population aged 16-64.

Standardised mortality ratio (SMR) – both sexes (Scotland=100)^{2,3}

¹ 2014–2022 data relate to the new NHSL boundary, 2013 data relate to the old NHSL boundary (see first page of statistical appendix for more details of boundary change).

Source: National Records of Scotland

² Populations used in ratios reflect the year of incidence with the exception of 2022; this uses National Records of Scotland small area population estimates for 2021 while results from Scotland's Census 2022 are being developed.

³ Standardised mortality ratios (SMRs) were calculated for deaths in Lanarkshire, using Scotland as the standard population. SMRs show whether the number of deaths are higher or lower in Lanarkshire than would be expected based on Scotland's mortality rates.

A16

Notifiable diseases – summary of clinically notified cases^{1,2,3,4,5,6}

by year of onset: 2018-2022

Given the severity of these diseases, there is a legal requirement for clinicians to notify confirmed and suspected cases urgently, albeit some cases are subsequently shown not to have had that illness.

	Number					Rate ⁷
	2018	2019	2020	2021	2022	2022
Botulism	0	<5	<5	0	0	0.0
Cholera	0	<5	0	0	0	0.0
Clinical Syndrome due to E.Coli 0157 Infection	8	12	<5	<5	11	1.7
Diphtheria	<5	0	0	0	0	0.0
Haemophilus influenzae type b (Hib)	<5	0	0	0	0	0.0
Measles	7	13	6	<5	5	0.8
Meningococcal disease	6	10	<5	<5	<5	-
Mpox ⁸	-	-	-	-	9	1.4
Mumps	43	80	60	7	12	1.8
Necrotizing fasciitis	<5	<5	0	<5	<5	-
Paratyphoid Fever	<5	0	0	0	<5	-
Pertussis (whooping cough)	41	34	10	0	<5	-
Rubella	5	<5	0	0	7	1.1
Tuberculosis (respiratory)	7	7	<5	<5	<5	-
Tuberculosis (non-respiratory)	<5	5	<5	6	<5	-
Tuberculosis (Not Specified)	10	8	<5	<5	0	0.0
Typhoid	<5	<5	0	0	<5	-

1 There were no notifications in Lanarkshire of the following diseases in the period shown: Anthrax, Brucellosis, Haemolytic uraemic syndrome (HUS), Plague, Poliomyelitis, Rabies, Severe Acute Respiratory Syndrome (SARS), Smallpox, Tetanus, Tularemia, Viral haemorrhagic fevers, West Nile Fever, Yellow Fever.

2 From 2010 the following are no longer notifiable diseases: bacillary dysentery, chickenpox, erysipelas, food poisoning, legionellosis, leptospirosis, lyme disease, malaria, puerperal fever, scarlet fever, toxoplasmosis, typhus fever and viral hepatitis.

3 A case will only appear in the HP Zone data extract if the case has been marked as 'clinically notified' within the HP Zone record. Not all confirmed cases will have the clinically notified box ticked on HPZone.

4 Please note that not all notifications may have been subsequently confirmed at the time of reporting.

5 An individual can have more than one disease notified and therefore appear more than once in the table.

6 From 2020, COVID-19 and Wuhan Novel Coronavirus recorded.

<https://www.opendata.nhs.scot/dataset/viral-respiratory-diseases-including-influenza-and-covid-19-data-in-scotland>

7 Rate per 100,000 population.

8 Previously known as Monkeypox (see link to WHO), designated a notifiable disease in law from 8 June 2022. Data as extracted from HP Zone on 31 July 2023.

1 GP practices in NHS Lanarkshire grouped into localities/HSCPs. Children resident in NHS Lanarkshire only.

Source: SIRS, ISD Scotland

2 Children resident in NHS Lanarkshire immunised in any NHS board.

3 Children reaching 12 months of age during the evaluation period 1 April 2022 to 31 March 2023 (i.e. born 1 April 2021 to 31 March 2022).

4 The 6-in-1 vaccine (3 doses) protects against diphtheria, tetanus, pertussis, polio, Haemophilus influenzae type b (Hib) and Hepatitis B.

The 6-in-1 vaccine replaced the 5-in-1 vaccine from 1 October 2017. Children who had not completed the full 3 dose course of the 5-in-1 vaccine before October 2017 may have completed their course with doses of the 6-in-1 vaccine.

5 Pneumococcal conjugate vaccine (1 dose after 12 weeks).

6 Rotavirus vaccine (2 doses under 24 weeks).

7 Meningococcal serogroup B vaccine (2 doses).

8 Children reaching 24 months of age during the evaluation period 1 April 2022 to 31 March 2023 (i.e. born 1 April 2020 to 31 March 2021).

9 Measles, Mumps, and Rubella vaccine (1 dose after 12 months).

10 Haemophilus influenzae type b and Meningococcal serogroup C conjugate booster (1 dose after 12 months).

11 Pneumococcal conjugate vaccine booster (1 dose after 12 months).

12 Meningococcal serogroup B vaccine (3 doses before 24 months of which one after 12 months, or 2 doses of which both after 12 months).

13 Children reaching 5 years of age during the evaluation period 1 April 2022 to 31 March 2023 (i.e. born 1 April 2017 to 31 March 2018).

14 The 4-in-1 vaccine provides the booster dose (4th dose) of protection against diphtheria, tetanus, pertussis and polio.

15 Measles, Mumps, and Rubella vaccine (2nd dose).
