

Attend Anywhere: Invite a participant to a consultation

Quickstart

1

Clinician selects the patient from the Waiting Area queue

Clicks the **Join Call** button

2

Clinician and patient enter the Waiting Area in their own private room

3

From the *Call Screen*, the clinician invites the additional participant to the call as a *guest*.

The **Invite Guest** dialog box walks the clinician through inviting someone to the call

4

Additional participant clicks the *guest* link from the email or text message.

Additional participant enters the room of the clinician and patient
