1. **INTRODUCTION**

The Protection of Vulnerable Groups (Scotland) Act 2007: Scottish Vetting and Barring Scheme creates the legislative framework for a strengthened, robust and streamlined vetting and barring scheme for those working with children and protected adults in Scotland. The PVG Scheme replaces enhanced disclosures for individuals working with vulnerable groups and went live on 28 February 2011.

Providing that organisations undertake the necessary pre-employment check the PVG Scheme will prevent individuals who are in paid or unpaid work that are deemed unsuitable from working with children and/or protected adults and highlight to organisations those who become unsuitable during employment. It will also deliver a fair and consistent system that will be quick and easy for employers and potential employees to use.

Any individual undertaking regulated work with children and/or protected adults must be a member of the PVG Scheme. It is an offence for an organisation to offer regulated work to someone who is barred or to fail to remove a person from regulated work if they have been notified that they are barred.

The PVG Act defines regulated work by reference to: the activities that a person does, the establishments in which a person works; the position that they hold; or the people for whom they have day to day supervision or management responsibility. There are two types of regulated work: regulated work with children; and regulated work with adults.

Depending on the nature of the post, if it does not fall within PVG, it may fall within standard or basic disclosure.

It is a legal requirement for NHS Lanarkshire to ensure that those staff working with children and/or protected adults are not barred from doing so.

2. **AIM, PURPOSE AND OUTCOMES**

This policy aims to ensure a fair and consistent approach is taken, when a member of staff is barred from the PVG scheme, or when details of convictions are disclosed.

The policy will detail the process, which is to be followed in such cases, ensuring compliance with legislation, good employment practice and existing NHS Lanarkshire Policies and Procedures.

3. **SCOPE**

This policy applies to all directly employed staff of NHS Lanarkshire, irrespective of age, sex, ethnicity, disability, marital or civil partnership status, sexual orientation, religion or belief, pregnancy or maternity or gender reassignment.

A checklist has been devised for use throughout Scotland to help determine which level of check is appropriate this can be found at http://firstport2/Pages/SearchResults.aspx?s=firstport&k=pvg%20checklist
4.4 What process will be followed upon receipt of a PVG Scheme Record/Disclosure Check?

Upon receipt of information from Disclosure Scotland, this will be reviewed by a member of the Human Resources Department to determine whether the individual is barred from working with vulnerable groups or holds a criminal record.

**Barred**

If the individual is barred from working with protected groups then the relevant Head of HR and General Manager/Hospital Site Director must be notified accordingly. Suspension arrangements should be applied and an investigation carried out in accordance with NHS Lanarkshire’s policy on the Effective Management of Employee Conduct. For any individual that holds a staff bank contract, then notification must also be made accordingly to the Staff Bank Manager. HR will record and maintain necessary details on databases in accordance with Current Data Protection Legislation.

**No criminal convictions**

If there are no criminal convictions, no further action is required. HR will record and maintain necessary details on databases, and destroy in accordance with Current Data Protection Legislation.

**Criminal Convictions**

If the individual has criminal convictions which do not legally prevent them from working with vulnerable groups then an investigation will be carried out in accordance with NHS Lanarkshire’s Employee Conduct Policy.
