1	Great event		
2	Every opportunity was taken to ensure information clearly presented. Accommodation reasonably comfortable - few little glitches - technology and catering.		
3	It was very interesting + I was glad to be a part of it.		
4	The ranking and weightings for the benefits criteria is meaningless and unscientific as practiced here. Does the scoring require it? If all the benefits criteria are relevant, what is the point of ranking them? We were not told how the criteria were selected.		
5	Great event, well organized. Information very good and explained well.
