

# Adult Community Mental Health Team (CMHT)

Information for patients

Welcome to Motherwell Adult Community Mental Health Team.

This leaflet aims to provide you with the answers to the common questions that people ask when they have been referred to a Community Mental Health Team.

## **WHAT WE DO**

The CMHT provides assessment, care and treatment for people aged 16 years and over, not in full time education, who experience moderate to severe mental health difficulties. We also provide information and advice for Carers of people accessing our service.

We provide care in Health Centres; people's homes and community facilities such as community centres.

The CMHT staffed by:

- ❖ community mental health nurses
- ❖ social workers
- ❖ occupational therapists
- ❖ psychiatrists
- ❖ psychologists
- ❖ support workers
- ❖ administrative staff

## MENTAL HEALTH ASSESSMENT

You will be invited to attend an appointment with a member of the team who will assess your mental health needs. You may wish to bring a family member/advocate to this appointment.

It is important for us to know if you are the parent or guardian for any children as they can also be offered support if required.

### Following Assessment

- ❖ Appropriate treatment options available will be discussed
- ❖ A treatment plan will be agreed with you
- ❖ You may be referred to other specialist services or support agencies
- ❖ We may provide you with advice and guidance on self-management and other support services which may be third / voluntary sector or self-help peer support groups

## CARERS

People who give regular support may be described as carers. They may be family members or friends. They will be anxious to know how you are and how they can support your care. It is helpful for us to know who they are and for us to talk to them to give them general information with your consent.

Carers may also need support themselves and they are entitled to what is called a Carers Assessment. For more information on carers rights please refer to The Carers (Scotland) Act 2016. You can find more information in the Care, Support and Rights Section of NHSinform at: [www.nhsinform.scot](http://www.nhsinform.scot)
